As I am still adoining such things as is incumbant on me I have much to do to do as the way opens As the time has come that I have to change my situation in living as I have had to leave the Latter day Saints and take up my abode amongst those that are caled the the wicked of the land hardly fit to be counted as human beings by the Latter day Saints But I with them find a home and a much more peaceable one than I do amongst the Church They are more honest more upright and just and to be depended on than the Church of L. D. Saints I have left them for reasons That I am sorry to speak of in a land of liberty and freedom of speech More esspecially amongst those caled saints of God I am threatend by them of being put a side That I am warned to be on the watch lest I come in their way and get ketched in their sneir I have now made my home aside of them that they know not of that I am now engaged in Copping my writings that is desined to go forth to the world as a witness that will no more bear the name of being familiar with them in in In their degraded state

As the Antient of have assembled all as one They form a Corum of twelve Their decision is past That because of bad works they have changed Their former place of sitting The sitting in futer will be with thee as thy Labours shall be needed in differant parts Let thy mind be centerd to go and to come As directed By the A- of Days as they at this time have assembled to regulate and put in order all things agreeable to the order of God A destiny is decided on the L. D. Saints that they have no power to extricate themselves It shall not be known as God will take the offender from the Eavil to come That is caled by Revelation his will to perform As much is adoining and a ben don that takes the attention of the people of the Land but the time has come for a change to be The wisdom of man is baffled because of a curse that on them rests It formily has rested On degraded minds that have sit in Heathenish darkness for many ages past and gone But the time has ariven that the curse is now removed and the Natives set at liberty as has hitherto ben recorded Yet the curse is the same as it has bearly changed homes that it now rests on the Jentile race that as a people they have long bosted of their worth But now are fallen no more to arise except by becoming the Covenant people of God But as God to man is a looking to help them on their way they have nothing to fear but to be up and adoining in accordance with the Law of God It has often ben written and as often abused By unwise teachers that run before they was sent to speak of the Law of God to man It is to deal honourably with his Neighbor and well pay his debts Because of bad doing Their wrights are gone that they have no Claim on the Kingdom of God of the Leaders of the Ch of L D Saints Altho many is a looking for that which is good yet the veil is drawn

between them And the Son of God Their destiny is seal'd that they stand on the ground as they did before they was born so all those that have not well don their work must remember the penalty of the Law of God But because of their doings in days past and gone they now are permitted to take another round that they may yet enter in to the presance of the Farther and Son that they may yet have a chance a work for to gain a Celestiall rest a rest of which the Prophits spoke if they it understood Is a rest of worth altho many of the L D Saints because of unwise doings have not it merited by their works as they on Earth took a stand and covented to do the will of God but God by them has ben much disgraced by their bad works Both Early and late They in his name have said to do untill he by them will be no more disgraced Their daily moves does them forbid to be caled after the name of the Lord But because of bad works they in a mass will fall some to shame and Contempt others will be boyed up in the presance of the Father and Son as a work of importance is on the wing to extricate the Spirits in prison that long since have Died As the time has ariven for them to come forth valient Labourers will be caled to go forward and do this work It is a work of importance to be managed by the Son of God as he is now a moveing on his way to put all things in order both in Heaven and on Earth

The word of the Lord is unto the at this time that you are caled to put things in aray for the fall and winter and as this is an established time for the setting of the antient of days As they have changed their habation of sitting because of the wickedness of the Inhabitants of their former place of Council They have now assembled in Union all in one as directed by the Son of God As they at this time in council set to regulate and put in order all things agreeable to the order of God A destiny is desided on the Latter day Saints that they have no power to extricate them selves But because of bad works they in a mass will fall some to Shame and Contempt others will be boyed up in the presance of the Father Son As a work of importance is on the wing to extricate The spirits in Prision that long since have died as the time has ariven for them to come forth valient Labourers will be required to go forward and do this work It is a work of Importance to be managed by the Son of God as He is now a moveing on his way to put all things in order both in Heaven and on Earth
